Bionexx is a UEBT member. UEBT is a non-profit association whose members work to regenerate nature and secure a better future for all people through ethical sourcing of ingredients from biodiversity. For more information please visit [www.uebt.org](http://www.uebt.org)

Our Spilanthes and Longoza are part of the UEBT membership program, ensuring they are sourced in compliance with UEBT standards. Our Centella Asiatica is UEBT verified as *responsibly sourced*, with an added level of assurance through an official verification by the UEBT team to confirm our effective implementation of their practices.

UEBT STANDARD

The UEBT standard requires practices that respect biodiversity and reduce biodiversity loss, such as restrictions on forest cutting, protection of endangered species and pollinators such as bees, enriching natural ecosystems and reducing pesticides. The standard also requires practices that respect people such as fair and equitable sharing of benefits and respect for workers' rights.
